COMING TO AMERICA

DELICATE

Slept Poorly, Looked So Frail. Had No Appetite and Felt Miserable.

MOTHER TELLS HOW TO BUILD THEM UP

"My daughter, following a sick spell, never seemed to get over it. She stayed to weak, nervous, frail and delicate, and had such a poor and delicate, and gad such a poor appetite I was alarmed," declared Mrs. H. O. Haas, here in Richmond (We wonder how many young girls are weak and sickly this way!) They will have a hard time getting through

the coming winter unless they build

up quick.
"She looked and felt so miserable I really was worried. So, after everything else failed to build her up, I went down to the drug store and hought a bottle of Hypo-Cod. It is wonderful. I never appreciated how really wonderful it is until then. Hypo-Cod worked like magic on her. really wonderful it is until then. Hypo-Cod worked like magic on her. It did her so much good I started to giving it to my grandson, aged seven. He was weak and delicate, too, and I wish you could see them now. It not only stopped the colds and coughs they had, but it completely eliminated their catarrhal condition. Their appetites are fine now, and they both are eating better than I have ever seen them eat. Honestly, they both are getting as fat and rosy and robust looking as can be. Don't take my word for it. The neighbors will tell you what Hypo-Cod did for my daughter and little grandson. When a medicine can take delicate, frail girls around fifteen or sixteen and little fellows like this boy, and build them up healthy and weil, I know it is a good medicine. I recommend it highly to every one," continued Mrs. Hypo-Cod. has a pleasent taste.

Hypo-Cod has a pleasant taste every one likes. It puts the user back in good shape so quickly—days and weeks sooner. We suggest its use in preference to any other tonic so far perfected. It isn't a patent medicine. (See formula and full directions for home use on each bottle). Note we home use on each bottle.)
